

PLAY FAIR CODE

ANNUAL REPORT 2022

THANK YOU FOR 10 YEARS OF PLAY FAIR CODE

A decade ago I had the privilege of launching the Play Fair Code.

Now, the time has come to trustfully place the future of the association in new hands.

Together, we have pushed and achieved a lot. In today`s sport world, the awareness of match fixing and betting fraud is much deeper and firmer rooted than it was when we first started. For that, I would like to thank everyone who has supported us and the association in the past.

Let`s keep watching and listening, let`s uphold the values of sport together so that we can preserve what means so much to us!

I wish my successor Friedrich Stickler all the best and every success!

Günther KALTENBRUNNER
Honorary President of Play Fair Code

WELCOME TO FRIEDRICH STICKLER

...and thank you and all the best to Günther Kaltenbrunner.

Ten exciting years with Günther Kaltenbrunner are coming to an end. The common path, with its countless challenges and efforts, has put Play Fair Code in a very successful position in both Austria and beyond.

And to be honest, we're really happy about that! However, working on integrity is an endurance sport and we will continue to train diligently in our disciplines. Perseverance, expertise, innovation, and a touch of humor have become part of our DNA, which we now want to develop further with Friedrich Stickler.

Severin MORITZER
CEO of Play Fair Code

Play Fair Code Management Board: Axel Bammer, Nikolaus Schaffer, Christian Ebenbauer, Michael Kuhn, Friedrich Stickler, Christof Hetzmanseder, Gerald Weiss; missing: Andreas Baumgartner and Helmut Nahlik

NEW MANAGEMENT BOARD OF PLAY FAIR CODE

Re-election of the Management Board during the 11th General Assembly.

Led by new president Friedrich Stickler, the slightly altered Management Board of the association will move into the upcoming period of office with the following members:

Michael Kuhn (First Vice President), Christof Hetzmanseder (Second Vice President), Nikolaus Schaffer (First Treasurer), Axel Bammer (Second Treasurer), Andreas Baumgartner (First Secretary), Christian Ebenbauer (Second Secretary).

Congratulations on the election and all the best for the new term of office!

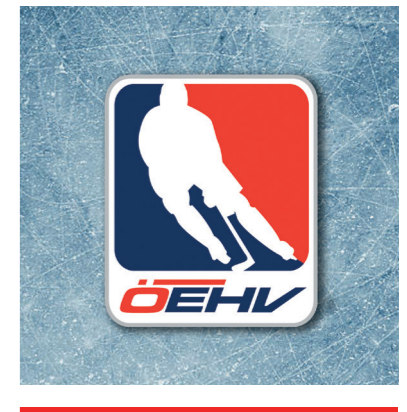

NEW MEMBERS

Play Fair Code's stakeholder and member network also continued to grow in 2022.

As ordinary members, and as the ninth and tenth sports associations, we're happy to welcome the Austrian Table Tennis Association (ÖTTV) and the Austrian Ice Hockey Association (ÖEHV) on board.

Following a longstanding sponsorship partnership, betting company Happybet has now taken the next logical step of becoming an extraordinary member in our network.

Welcome aboard!

BECOMING AN INSTITUTION

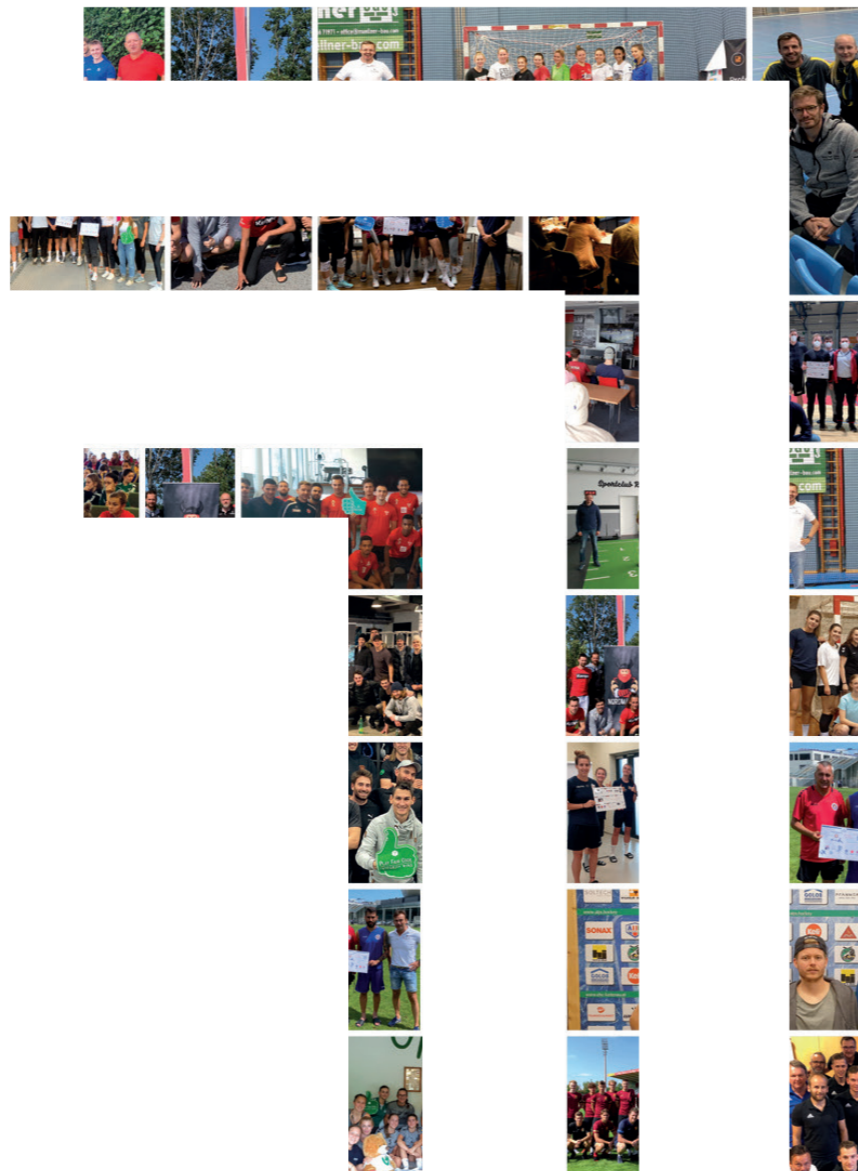

A decade of serving integrity in sport.

As red hot as on day one, but with a multiple leverage of expertise, a widespread awareness and well-trained athletes, clubs and associations, this is how the topic of match fixing and betting fraud in Austria is handled after ten years of Play Fair Code` s integrity work.

What was an initiative at that time has become an institution for integrity that has found a place for itself on both the domestic and international sporting landscape.

With around 1,000 prevention training courses completed and approx. 22,500 direct contacts made, the institution has achieved a great deal of attention. It is working with all stakeholders, what has evolved Play Fair Code into a best practice case.

On the occasion of the anniversary, this was reflected in the first edition of the Play Fair Code Talks. One of the findings clearly was and is that our work will never end!

PLAY FAIR CODE TALKS

On the occasion of its 10th anniversary, Play Fair Code held its first Play Fair Code Talks at the end of September in Vienna.

The panel discussion with a national and international panel, gathering numerous prominent experts – including representatives of the sport ministry, from the IOC, UEFA, Interpol, the Council of Europe, and the Austrian Football Association – was broadcast live on **ORF SPORT +**.

“As you know we are facing organized crime. We need to come up with a more comprehensive approach and work all together to be as strong and robust as possible.”

Vincent Ven, Head of UEFA Integrity Unit

“It’s something unique. You do not have something like Play Fair Code all over Europe or worldwide and this is really something that should be a lighthouse for others to follow.”

Andreas Krannich, Managing Director of Sportradar Integrity Services

“Manipulation and betting fraud are among the greatest risks to sport. Sport has to act as a role model for society.”

Austrian Vice Chancellor and Minister of Sport Werner Kogler

“The main attraction of football is that you don’t know the outcome of a game.”

Manuel Ortlehner, Director of Sport of FK Austria Wien

#NoManipulation: Wie win2day sein Sponsoring gegen Spielmanipulation einsetzt [Exklusiv]

Von Michael Fiala 28. März 2022

SPORTS BUSINESS.at

(c) Soos Attila

Seit einigen Wochen ist die Marke win2day neuer Sponsor der Eishockey League. Das Sponsoring sorgt auch für ein Novum: Erstmals aktiviert ein Unternehmen das Engagement auch für den Kampf gegen Spielmanipulation. Im exklusiven Interview mit sportsbusiness.at sprechen Georg Wawer, Managing Director win2day, Play Fair Code-Präsident Günter Kaltenbrunner und Geschäftsführer Severin Moritzer über diese außergewöhnliche Zusammenarbeit.
